## Children's Garden Pavers

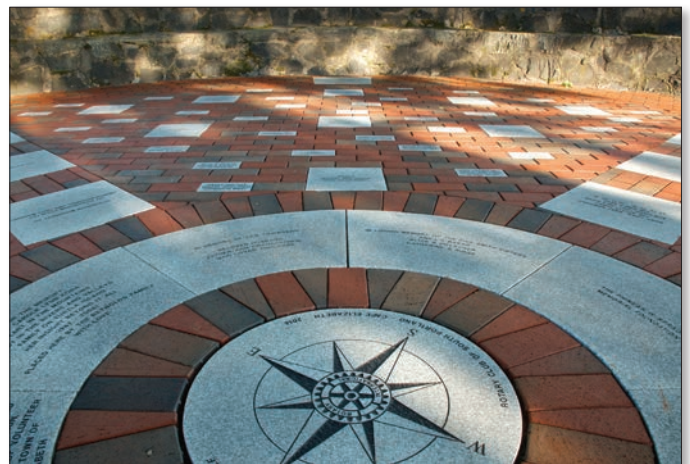

A limited number of these "forever gifts" are still available

*For a full look at the Children's Garden site plan,  
please visit [fortwilliams.org/children](http://fortwilliams.org/children)*

Pavers offer a way for you to support additional planting and maintenance of the Children's Garden. Pavers cover the floor of the stone seating circle above the tennis courts, a military ruin renovated to serve as a Council Ring for the Children's Garden.

You can leave your mark with a paver, forever etched in granite and placed prominently at an entrance to the Children's Garden, honoring or memorializing your loved ones. Be a part of this legacy of natural discovery!
